

# Climate Protection Certificate

Our contribution to environmental protection:  
**100% green electricity**

## prebit GmbH

This company protects the climate by using environmentally friendly energy. This company has been supplied with green electricity from **LichtBlick** since 6 July 2018.

The electrical energy fed in to the power grid by LichtBlick

- **does not originate from nuclear-, coal-fired- or oil-fired power plants**
- is obtained exclusively from **environmentally friendly energy sources.**

By sourcing energy from LichtBlick power, this company avoids emitting **6.59 tonnes** of CO<sub>2</sub> emissions per year.
